Federation of Freight Forwarders

WHY US?

With expertise in complying with unique customer requirements, we offer efficient and reliable solutions. With over 25 years of experience, we have earned trust as a leading brand, and our mission is to continue offering exceptional services to clients worldwide. Our skilled and dedicated workforce can handle tasks of any size and complexity, providing unparalleled logistic solutions tailored to each client's specific needs. Choose us for our expertise, experience, and commitment to delivering efficient and reliable solutions for all your logistic requirements.

VISION

It is our pragmatic vision of being a global leader in the industry of freight and logistics, offering one stop solution across International boundaries.

MISSION

It is our commitment and constant endeavour to provide our clients professional services that are efficient, reliable and yet cost effective. We believe it is our duty to serve our clients to their complete satisfaction by delivering their goods securely.

COMPANY PROFILE

Thakur Logistics is a pioneering and renowned provider of exceptional logistic and freight services worldwide. Our services span across Asia, North and South America, Europe, and South Africa, bringing the world closer to our clients. With a history dating back to 1997, we began as a Custom House Agent and Logistic service provider. In 2012, under the flagship of Thakur Logistics, we expanded into international freight and logistics services. With nearly a decade of experience, we have established ourselves as the best service provider in India, offering expertise in freight, logistics, and custom clearance under one roof. Our wide range of services includes documentation handling, quota certificates, custom clearances, warehousing, transportation, and door-to-door delivery. As India's leading freight forwarding agents, we have a strong network both nationally and internationally, with a pan-India presence covering major business hubs in India for freight services via air and sea. With a reputation for delivering hassle-free services, we provide end-to-end solutions, and our worldwide presence is strengthened by a robust network of overseas partners.

DIRECTOR'S INSIGHTS

Vedprakash Thakur serves as the Managing Director of Thakur Logistics, leading our dedicated team in providing customized logistic solutions across the globe. From building agent network all over the world to providing the best clearance and freight forwarding services to our clients over a decade is indeed a reflection of his tenacity and his dedication over the years.

SERVICES

Import & Export FCL/ LCL: We provide efficient and reliable freight forwarding solutions for both Import and Export shipments, whether it's FCL (Full Container Load) or LCL (Less than Container Load). Our expert team and state-of-the-art logistics network ensure timely delivery and cost-effective operations for all cargo sizes, revolutionizing the way you handle your import and export shipments.

Ocean Freight: We provide comprehensive ocean freight services for worldwide shipping of goods. Our extensive network and strong relationships with shipping lines enable us to access the best global carriers, covering major ports and offering optimal transit times. With complete flexibility to meet individual shipping needs, we ensure a smooth and secure transition of cargo, regardless of business size. Our dedicated team keeps clients informed with timely tracking updates, providing peace of mind throughout the shipment process.

Air Freight: Quick and efficient air transportation services worldwide, with 24/7 operations and hassle-free import/export clearance.

Customs Clearance: Exceptional custom broking services for smooth clearance of consignments, complying with all customs regulations and formalities.

Door to Door Service: Streamlined cargo movement from exporter's factory to buyer's warehouse, eliminating intermediaries for cost-effective logistics management.

- **Wide Reach:** Extensive network of branch offices in India and reliable agents internationally for efficient value-added services.

- **Rail, Road, and Coastal Transport:** Robust transportation facilities covering a wide terrain for quick and safe cargo transportation.

- **On-time & Secure Delivery:** Special care taken to ensure 100% secure and timely delivery of cargos, providing peace of mind to our clients.

Surface Transport: Safe, secure, and timely delivery of goods through express surface transport services, including door-to-door delivery and multimodal transportation.

3aPL/Warehousing Logistics: Wholistic warehousing and distribution network services, integrating supply chain management, docking, warehousing, and transportation.

Project Logistics: Expertise in handling complex logistic projects, providing efficient logistic management and procurement services for successful execution.

Products we handle: We specialize in expert logistics solutions for machinery, steel, chemicals, paper, leather, agro, garments, and handicrafts. Our efficient and secure handling ensures timely delivery for all your valuable shipments.
